

HSBC ETF Capital Markets Team

A dedicated team on hand to help with ETF execution

How can we help?

We understand that simple and cost-efficient executions of your ETF trade can be just as important as the performance of the ETF itself. As such, we are on hand for all enquiries relating to buying or selling of the HSBC ETFs. The team is constantly monitoring liquidity and pricing and communicating with Authorised Participants and Liquidity Providers. We take care to understand your specific requirements and provide expertise to help in your decision-making.

Our services

Pre-trade analysis – Liquidity analysis looking at both secondary and primary market liquidity; Market impact and expected trade costs for buy, sell and switch trades

APs and liquidity providers – Connections with all key ETF liquidity providers in Europe; Facilitates access to axes, inventories and distribution trades

Secondary market surveillance – Monitoring of spreads, volumes and trading data across all exchanges and listing venues

Market intelligence – ETF flows and global trends

The HSBC ETFs are sub-funds of HSBC ETFs plc ("the Company"), an investment company with variable capital and segregated liability between sub-funds, incorporated in Ireland as a public limited company, and is authorised by the Central Bank of Ireland. The company is constituted as an umbrella fund, with segregated liability between sub-funds. Shares purchased on the secondary market cannot usually be sold directly back to the Company. Investors must buy and sell shares on the secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees for doing so. In addition, investors may pay more than the current Net Asset Value per share when buying shares and may receive less than the current Net Asset Value per Share when selling them.
